

Members: Email Addresses

Updated: April 2024

Use the list below (copy/paste) to send an email note to all Wrangler members.

*Or— better yet: Open your address book, add a new contact—“Wranglers”— and paste **your** email as the contact address. Close Address Book. Then, when you want to send a note to everybody, open a new email form and just type “Wranglers” (nothing else) in the “TO” address line. Then— paste the list below into the “Bcc:” line. This way, only **your** name shows, (To: Wranglers, From: YOU) but **everybody gets the mail.** (Confusing? Com’on— just try it!)*

One more thing: We'll update this list as members come and leave. Just make sure the list you use is current!
